### Contrasts in Colour

---

#### East Grinstead

---

AN INSPIRING collection of silk paintings, abstract acrylics, gouaches and photography are together under one roof at Chequer Mead.

Sussex art lovers have a treat in store when Contrasts in Colour brings together the dramatically different work of two artists who share a passion for colour.

Jane Butler's unique and incredibly vibrant silk paintings include a series inspired by visits to Cornwall and other European locations, as well as life studies and abstracts.

Suzy Abrahams' powerful contemporary abstract acrylic compositions and distinctive gouaches are complemented by her captivating photography.

Jane will be demonstrating silk painting techniques throughout the week.

To view some of the work included in the exhibition visit the artists' websites at: [www.artonsilk.org](http://www.artonsilk.org) and [www.suzyabrahams.com](http://www.suzyabrahams.com)
